

SERIOUSLY FUN

CUVEE CLOSE SPARKLING WINES

WWW.MLAWRENCE.US

DETROIT is an exciting sparkling wine celebrating the city of Detroit and her people.

This cuvee is produced from vidal, traminette, riesling and muscat winegrapes from various vineyards which are carefully harvested and gently pressed. Only the first two, gently pressed fractions of the juice are used for this cuvee [the harder-pressed juice, which contains more phenols, tannins and acids, is reserved for other wines]. After fermentation the flavorful young wines are blended before being fermented in the cuvee close method, producing the delicate natural effervesence.

Finished Sweet (5.0 % residual sugar), the wine has muscat-like aromas, rich full flavors; and is full and sweet on the palate balanced by enough acidity to produce a clean finish.

AVAILABLE IN 20 LITER KEGS

DETAILS

Cepage:	Riesling 60% Muscat 30% Traminette 10%
Dosage:	Sweet [5.0% RS]
