MICHIGAN'S SPARKLING WINE

## F I Z Z C L U B

October, 2015

Let's avoid thinking about this year's harvest: cold winter, spring frost, August hail storm all combined to result in the smallest harvest in this vineyard since 1978: nothing fun about that. But we have bubbly for you - two of the wines in this selection are new, one pink the other red. Let's think about that.

We have for you a new pink wine, **Grace**, an L.Mawby Brut rose blend of 97% pinot noir and 3% regent, a classic pinot noir rose [with a touch of wonderfully deeply red regent to enhance the pink color].

**Talismøn** - our multi-vintage single vineyard Brut. This cuvee is 2/3rds from the 2009 vintage, with the remaining 1/3 of the blend every vintage from the

Talismøn vineyard from 1992 through 2008. Complex and a real 'wine of place', expressing the terroir of the Talismøn vineyard.

**Rosso** is the newest M.Lawrence wine, a blend of five grape varieties: regent, pinot noir, syrah, marechal foch and chardonnay. It's similar to Redd but with higher acid and more sugar to balance: fresh berry aromas, light to medium body, 2.4% RS. We describe Rosso as **a sparkling wine that is red** because it is a sparkling wine first in body and texture. Rosso will surely pair well with holiday celebrations and eats.

And the fourth wine in the selection, **US**, our 'classic' dry tank fermented sparkler. US is 75/25 pinot noir/chardonnay. Pear and stone fruit aromas dominate. Balanced with a modest 0.7% RS, US has mature texture and mouthfeel with delicate fruit to match. Celebrate each day with US.

From your friends at MAWBY - Be One With the Froth; and visit us when you can. Re: the teaser photo on the reverse - something new is coming.
